

Melamine

Melamine drawers are heavy duty drawers routinely specified for commercial and institutional applications. Durable melamine overlays domestic core particleboard. All drawer components are edgebanded with matching PVC tape. Drawer bottom options include 5 mm (1/4") printed HDF and 12.5 mm (1/2") melamine. Stock colors are white and black. Other colors and patterns are available by special order. Drawers may be ordered assembled or ready-to-assemble. Lead time for melamine drawers is 2 weeks.
